NEUTRAL WANTS A BUYER

There is an item that appears in the Publishers' Auxiliary, a trade paper, that will be of interest to the people of Coshocton county, particularly of Warsaw:

COMPOSITOR WANTED—To buy "The Neutral" plant at Warsaw, O. Present owner too old for the work. A printer who can write his locals and do a little general editorial and manage business can make good money. Address, "The Neutral, Warsaw, Ohio."

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and stinging pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ARRESTS MADE AT SPRINGFIELD

City Officials Attempt the Prosecution of Missouri Lynchers.

GRAND JURY TAKES UP CASE

One of the Suspects Prominent in Local Society Circles—Negro Foot-pad Shot Dead When He Attempts a Robbery—Governor Folk's Instructions to Adjutant General.

Springfield, Mo., April 17.—Charged with being leaders of the mob that broke into the county jail and lynched three negroes, four men are under arrest. Two of the alleged mob leaders are in jail and two have been released on bond. Charles Cannefax and Oney Galfry were the first men arrested. Cannefax has been a pool room proprietor, but is at present employed in the St. Louis & San Francisco railroad yards. Galfry is a switchman for the same road. Both have been released on bond. Dan Crane, a clerk, was the third man arrested. Crane moves in the best society here. Oat Hall, the last man arrested, is a police court character. Crane and Hall are still in jail. Cannefax went to Sheriff Horner and inquired how much damage had been done by the mob on the sheriff's property. Cannefax was informed that it would amount to \$1,000. He then said a collection would be taken up to repair the loss, but his offer was flatly refused by Sheriff Horner.

The grand jury will meet especially to indict those who were in the mob of lynchers.

Governor Folk issued instructions to Adjutant General De Armond to direct General H. C. Clark, in command of the state militia now in Springfield, to arrest the leaders of the mob, put them in jail, and surround the jail with troops for protection. The governor stated that the militia will be kept in Springfield until quiet and order is restored and danger of injury to persons and property is averted.

Leslie Peters, 16, shot and killed Ralph Burns, of bad reputation, one of two negroes who attacked him while he was escorting a young lady home from a party. The negroes accosted him at the gate of the young lady's home and one of the negroes fired two shots from a revolver at him, but neither shot took effect. Burns immediately fired four shots at the negroes, killing one of them, and the other escaped. The dead negro is not known. Burns went to the police station and gave himself up, but he was released without bond. The news of the killing of another negro spread like wildfire throughout the city, and hundreds of people left their beds and hastened to the public square. The militia on guard there prevented any violent outbreak, and after a time dispersed the crowds.

REVOLUTIONIST

Is Maxim Gorky According to a Russian Government Official.

St. Petersburg, April 17.—Maxim Gorky's reception in the United States is giving the Russian government considerable concern. A high official here made the following statement: "In listening to Gorky the American people should understand that he is not a liberal nor a reformer, but a revolutionist pure and simple. He is certainly a writer of talent, perhaps even a genius, and much that he says regarding the conditions in Russia doubtless is true; but it should be made clear that his object is not reform but revolution. Alme Andreieva, who accompanies him, is not his wife. She also is a revolutionist, and M. Morosoff, one of Moscow's merchant princes, gave her \$1,500,000 for the revolutionary cause. When the government last summer secured proof of this fact he was given 24 hours to leave Russia or stand trial here. He fled to Paris, where he committed suicide."

Condemn Shaw's Plan.

New York, April 17.—Secretary Shaw's plan to allow national banks to forestall the arrival of their gold imports by the withdrawal of its equivalent in cash from the United States treasury on the deposit therein of bonds as security was much discussed in the financial district. Some of the private banking houses, which deal in foreign exchange and which have been accustomed to import gold, declared that so long as the secretary's plan remained in operation they will be unable to make any further importations, as they have not the same facilities as national banks for carrying large blocks of bonds to offer as security. Their business, they asserted, will be ruined under this plan.

Another Insurance Bill.

Albany, N. Y., April 17.—The senate passed the so-called anti-perjury bill proposed by the insurance investigating committee, the vote being 49 to 28, noon 14.

PET DOG TOLD OF HER DEATH

John Ling Apprised of Wife's Death By Dog's Actions.

James Ling, of Ashley, Ind., the death of whose wife was made an item of news in these columns last week, was told of the death of Mrs. Ling by their pet dog. He had been away from home for the day and as he returned the dog came running up the road to meet him, whining piteously and showing every sign of grief and sorrow. Mr. Ling became alarmed at the dog's actions and rushed into the house to find his wife lying prone on the floor, dead from heart trouble. The dog sat in the doorway and positively cried.

Mrs. Ling was born in Coshocton county in 1840, being Miss Catherine Reamer, and was the mother of ten children, five of whom are living. John and Stephen Reamer of this county are brothers. She was a consistent church member and active in church work.

This is the third death in the Reamer family this spring and a sad event is that just as the funeral was over word came of the death of the wife of Peter Ling in the same community. The Lings also formerly dwelt in Coshocton county and have many friends and relatives here.

Alleges Issue Is Libelous.

Chicago, April 17.—Attorney Wetten, representing Dr. Dowle, demanded that all statements printed in the last issue of Leaves of Healing, the official paper of Zion, be designated as slanderous and improper. He telephoned to the postmaster at Zion City, notifying him that if he received any number of the Leaves of Healing and permitted them to be passed through the mails he would be held amenable to the law. Mr. Wetten then telegraphed to Postmaster General George B. Cortelyou advising him of the situation, and asking him to deliver a ruling upon the point at issue.

The Voice of Experience

How many of us fail to profit by the experience of our friends? We see failures on every side of us—failures in business—failures of good health—yet how few people heed these warnings? You have seen your friends suffer with a twinge of rheumatism—have watched the disease gradually cripple their entire bodies. Again you have seen them die with kidney trouble or be swept away with heart disease.

And you—will you accept the lesson in their lives? Will you learn how to profit by their experience?

HOW URIC ACID CAUSES DISEASE

Fill a glass with hot water, put in as much common salt as will dissolve and set the glass away for a day.

Well—you'll then find little grains of salt all over the glass—both inside and outside. This experiment helps to explain the cause of disease.

First, your blood always contains a waste matter—uric acid.

If your blood is "alkaline" it dissolves all the uric acid just like the hot water dissolved all the salt.

But if you catch cold or worry or overwork yourself you "decrease the alkalinity" of your blood, as your physician calls it, and the uric acid then turns into little grains just like the salt did in the glass.

If these grains of uric acid lodge in the joints, they cause rheumatism, if in the muscles, inflammatory rheumatism, if in the heart, heart disease.

And so nine-tenths of all diseases are now known to be caused by uric acid settling in different organs of the body.

HOW LIFE PLANT SOLVES URIC ACID.

You have just read how little grains of uric acid cause Rheumatism and many other diseases.

Now will you profit by the experience of your friends.

You have seen them take prescriptions—seen them take all the different medicines for sale at the drug store and yet not be cured.

Why? Because the only way to cure any disease is to remove the cause. Isn't that common sense? **LIFE PLANT** removes the cause, uric acid.

Made wholly from roots and herbs, **LIFE PLANT** is Nature's own solvent for uric acid. It dissolves the grains of uric acid out of the joints and different organs of your body.

LIFE PLANT is a tonic—purifying and making the blood rich and strong to do its work, strengthening the heart, kidneys and stomach and toning up the whole system.

LIFE PLANT is a common sense preparation. It contains no drugs, no narcotics. Write for a booklet telling all about **LIFE PLANT** and giving valuable advice on good health. It's free to everyone.

SYMPTOMS OF URIC ACID DISEASES

Rheumatism, Neuralgia, Catarrh—all show uric acid at work. Headache, biliousness, poor digestion, sleeplessness, dullness, tired feeling, backache, dark-colored urine, and in women, menstrual disorders—all are a result of uric acid.

R If you have Rheumatism, or feel badly, or have any of the above symptoms of disease, don't delay a moment. For the sake of your future health, get **LIFE PLANT** at once. If disease is already upon you, take **LIFE PLANT**. Cure yourself in a common-sense way, by removing the cause.

FREE MEDICAL ADVICE

If there is anything unusual about your case, write to our Medical Director I. J. Mizer, M.D. His advice is free. If you can come to see him, he will examine you free, if not, write him fully. Your letter will be returned with his answer.

THE EASY OIL

Scott's Emulsion is "the easy oil"—easy to take, easy in action. Its use insures deliverance from the gripping and nauseating sensation peculiar to the raw oil. Nobody who has any regard for their stomach thinks of taking cod liver oil in the old way when Scott's Emulsion is to be had. It is equally certain that no one having a regard for their health will accept a cheap emulsion or alcoholic substitute for Scott's Emulsion. It fulfills every mission of cod liver oil and more.

THE GRANGE

A. W. BOWNE, Chairman, N. Y.
Farm Organization New York State Grange

NEW YORK PATRONS.

COMMENTS ON THE PROCEEDINGS OF THE STATE GRANGE AT GENEVA.

A Business Body That Treated Questions in a Businesslike Way—Officers Elected by the New Form of Ballot—Resolutions Adopted.

That the thirty-third annual session of the New York state grange, held early in February at Geneva, N. Y., was a business meeting par excellence none will deny who was there. Not in recent years have more important subjects been considered in a more businesslike manner in any state grange meeting. The work in committees was of a particularly high order, and the discussions before the grange showed a

GEORGE A. FULLER.

thorough familiarity with the subjects presented. Said a former member of the state legislature: "I am surprised at the ability manifested on the part of the delegates in their discussions. I had no idea they were so well posted on so many public questions." And yet why should they not be? We have long been told that the farmer should think more for himself and not let some one else do his thinking for him. There are evidences that the farmer is getting his eyes open to the situation and is thinking and acting for himself and his own interests more than ever before.

In a most interesting ten minute talk Dr. Jordan, chief of the New York state experiment station, spoke along the line above suggested. "I sometimes wonder," he said, "if this body fully realizes its influence and responsibility. You as farmers represent very largely public opinion. Public men and politicians are watching your movements, and that means that your opinions ought to be about right. It means much to hold sound and rational views on public matters." And this is particularly true of the farmer who is in the grange.

The attitude of the grange toward education in all its phases is most commendable. Education is the cornerstone of the grange. It believes in it, it advocates it and it recommends it for the farmer as well as for the professional man. The state meeting asked the legislature to give the agricultural college of Cornell university a "liberal maintenance." It heartily approved of the work of the farmers' institutes, expressed itself as in "hearty accord" with its efficient organization and management and urged the legislature to increase its annual appropriation for this excellent feature of educational work. It advised subordinate granges to procure a working agricultural library for the use of their members. As is generally known, the New York state grange sustains several agricultural scholarships at Cornell, and this year the appropriation for this purpose was increased to \$300.

The subject of grange life insurance has been discussed in national and state granges for the past year more than ever before. While the national grange did not believe that any plan for a national grange life insurance company was feasible, owing to the fact that the insurance laws of different states vary so widely, there is probability that some of the state granges will adopt some practicable plan of life insurance within the next few years. The state grange asked that a special committee be appointed to work in connection with the executive committee to look carefully into this matter and report at the next annual session.

Among the more important resolutions adopted by the grange those covering the following named topics may be mentioned: Favoring the removal of the internal revenue tax from denatured alcohol for commercial purposes; favoring the discontinuance of the custom of free seed distribution by members of congress, on the ground that it is an expensive burden to the state and a petty kind of graft that is demoralizing both to our representatives and to those who accept the bounty; favoring the removal of the bounty on

grain and seed, and favoring the removal of the bounty on cotton and wool. The state legislature is also taking measures to prevent the threatened invasion of these markets into New York from the east, by the bill providing national aid for highways; opposing the enactment of house bills No. 7 and No. 145, which propose to extend the time limit from twenty-eight hours to thirty-three and thirty-six hours, beyond which time stock may not be carried on cars, boats or vessels without feed, water or rest; favoring nature study in rural schools; asking for a law to prevent newspaper publishers from sending their papers beyond the time allowed; advising the organization of juvenile granges where practicable; opposing the indorsement by the grange of candidates seeking appointment to governmental offices of a political nature. Many more resolutions were adopted, but the above will serve to show the policy of the grange along various lines.

As most farmers in New York state know, the grange was the most ardent opponent of the barge canal appropriation. It appears from the supplementary report of the executive committee and from an address made before the state grange meeting by the Hon. John I. Platt of Poughkeepsie that steps are about to be taken to test the constitutionality of the canal act which was approved by a majority of the popular vote at the last election. Mr. Platt said he believed the people of the state of New York never gave a majority in favor of the barge canal proposition, a fact which he had never before publicly stated. He made the assertion and the accusation that the great majority for the measure in New York city was the grossest fraud ever perpetrated in any election in any northern state. "They would have us believe," he said, "that there were more votes cast on the barge canal proposition than for the office of mayor. In a single district in New York city there were more votes cast on the barge canal measure than for all the candidates for mayor on the city ticket combined. But even if the question was carried by the large majority accorded it, the question still arises, is the act constitutional? The best legal talent in the state says it is unconstitutional, and I refer to Elihu Root, Joseph Choate, Judge Andrews and Judge Cady. Now, we do not expect the state grange to contribute a large amount toward the expenses of the appeal, but we do want its backing." The grange voted to appropriate not more than \$500 toward the expenses of the appeal.

The new system of electing officers was tried for the first time this year. This consists of a blanket ballot on which were printed titles of the offices to be filled. Delegates filled in the blank spaces beneath each title with the name of the person for whom they desired to vote, and the ballots were then canvassed by eight tellers. It required but ten minutes to take up the ballot, and within about two hours' time the result was reported by the tellers, and it was found that every office had been filled on the first ballot. In view of the fact that in previous years it has required the larger part of the business session of from one to two days to complete the election of officers, and when the further fact is considered that it has been reckoned that the cost of each day's session of the state grange, all expenses included, is not far from \$1,000, the new ballot as a time saver is a marked success.

The following officers were elected: Master, George A. Fuller, Jefferson county; overseer, P. N. Godfrey, Cattaraugus county; secretary, Fred Shepard, St. Lawrence county; steward, W. L. Bean, Cortland county; assistant steward, S. J. Lowell, Chautauqua county; chaplain, S. J. Robbins, Monroe county; treasurer, P. A. Welling, Oswego county; gatekeeper, W. R. Eggleston, Essex county; Flora, Mrs. P. S. Aldrich, Wayne county; Ceres, Mrs. W. G. Mooney, Clinton county; Pomona, Mrs. Hyatt, Orange county; lady assistant steward, Mrs. J. W. Jones, Livingston county; member of executive committee for three years, R. H. Smith, Herkimer county.

Two important features of the meeting were the conferences of county deputies and lecturers. These conferences brought out many helpful and practical suggestions, and ample time should be given for these special meetings at every annual session. It was proposed to have the county deputies meet at some central place in March of each year to consider plans for increasing the efficiency of their work in the various counties, while a lecturers' conference will be held in each county, where possible, for a like purpose. Both National Master Bacheider and National Lecturer Gaunt were present at the lecturers' conference. They also addressed the main session of the state grange.

Among the pleasant social features was the presentation of a gold watch to the retiring master, E. B. Norris, and a beautiful pin to Mrs. B. R. Lord, one of the oldest and most active members of the Order in the state, but who has since gone to reside in Olympia, Wash., with her son. The sixth degree was conferred on a class of 420 persons at the grange house at that degree

But this man was a heavyweight of no ordinary physical strength and adroitness and only smiled at Frederick's heat and threatening attitude.

"I thought I would be made welcome," he smiled, with just the hint of sinister meaning in his tone. Then, before Frederick could speak, he said: "I have merely saved you a trip to Boston. Why so much anger, friend? You have the money. Of that I am positive."

"Hush! We can't talk here," whispered Frederick. "Come into the grounds, or what would be better, into the woods over there."

"I don't go into the woods with you," laughed the other. "Not after last night, my friend. But I will talk low. That's no more than fair. I don't want to put you into any other man's power, especially if you have the money."

"Wattles!" Frederick's tone was broken, almost unintelligible. "What do you mean by your allusion to last night? Have you dared to connect me?"

"Pooh, pooh!" interrupted the other good humoredly. "Don't let us waste words over a mischance word I may have let drop."

"I don't care anything about last night's work or who was concerned in it. That's nothing to me. All I want, my boy, is the money, and that I want devilish bad or I would not have run up here from Boston, when I might have made half a hundred off a countryman Lewis brought in from the Canada wilds this morning."

"Wattles, I swear!"

But the hand he had raised was quickly drawn down to the other.

"Don't," said the older man shortly. "It won't pay, Sutherland. Stage talk never passed for anything with me. Besides, your white face tells a truer story than your lips, and time is precious. I want to take the 11 o'clock train back. So down with the cash. Nine hundred and fifty-six it is, but, being friends, we will let the odd six go."

"Wattles, I was to bring it to you tomorrow, or was it the next day? I do not want to give it to you tonight. Indeed I cannot, but—Wattles, wait, stop! Where are you going?"

"To see your father. I want to tell him that his son owes me a debt; that this debt was incurred in a way that lays him liable for arrest for forgery; that, bad as he thinks you, there are facts which can be picked up in Boston which would make Frederick Sutherland's continued residence under the parental roof impossible; that in fact you are a scamp of the first water and that only my friendship for you has kept you out of prison so long. Won't it make a nice story for the old gentleman's ears?"

"Wattles—I oh, my God, Wattles, stop a minute and listen to me. I have not got the money. I had enough this morning to pay you, had it legitimately, Wattles, but it has been stolen from me, and—"

"I will also tell him," the other broke in as quietly and calmly as if Frederick had not uttered a word, "that in a certain visit to Boston you lost \$500 on one hand; that you lost it unfairly, not having a dollar to pay with; that to prevent a scandal I became your security, with the understanding that I was to be paid at the end of ten days from that night; that you thereupon played again and lost \$400 and odd

more, so that your debt amounted to \$900; that the ten days passed without payment; that wanting money I pressed you and even resorted to a threat or two and that seeing me in earnest you swore that the dollars should be mine within five days; that instead of remaining in Boston to get them you came here and that this morning at a very early hour you telegraphed that the funds were to hand and that you would bring them down to me tomorrow. He may draw conclusions from this, Sutherland, which may make his position as your father anything but grateful to him. He may even—Ah, you would try that game, would you?"

The young man had flung himself at the older man's throat as if he would choke off the words he saw trembling on his lips. But the struggle thus begun was short. In a moment both stood apart, panting, and Frederick, with lowered head, was saying humbly:

"I beg pardon, Wattles, but you drive me mad with your suggestions and insinuations. I have not got the money."

But I don't say and get it. Wattles, wait! The money, Sutherland. No longer! The money is right, and I can see the hands of my watch distinctly. At a quarter to 10 I will receive the money from you here or seek it in your father's study."

Frederick made a hurried gesture and vanished up the walk. The next moment he was at his father's study door.

To Be Continued.

Train Jumpers.

Three young fellows of this city, Dwight Kitchens, George Sprague and Ed Tyler were placed under arrest by Detective Doney Monday charged with illegal train riding and arraigned before Squire Wimmer who fined them one dollar and costs each. It is said that the detective is looking for several more who were mixed up in the train riding.

A DASHING AUTOMOBILE STORY

A

Motor-Car Divorce

By LOUISE CLOSSER HALE

A BREEZY and deliciously humorous motor-car romance—the fact that the hero and heroine are man and wife makes it no less a romance.

Mrs. Ward, a believer in the theory of the ten-year marriage contracts advanced by George Meredith, goes with her indolgent husband on an automobile tour through France and Italy for the purpose of securing a divorce on the grounds of "incompatibility of temper," which, in reality, do not exist. It takes another woman, several accidents and the automobile to bring Mrs. Ward to her proper senses.

GET THE HABIT.

Nature does things more consistently than man. When spring comes she throws off her winter garments and comes forth fresh and clean in raiment above reproach. She does not use the same old dirty awning that she had the year before and which withstood the snows and storms of winter. Shutters are not hanging loose on her house. Nor does Nature's house look dingy from lack of fresh paint. Her windows are washed. The hint to us bits of humanity is strong and might be heeded with profit by all of us. The Age will practice what it preaches by entirely remodeling its plant and donning a fresh coat of paint on the front of its building along with numerous other improvements.

CAUGHT FIRE IN MID-AIR

One of the workmen of the Bell Telephone Co. had an exciting time up in the air Tuesday morning. He was working with the new cable which they are constructing on Main street, when the blaze from a soldering pot came in contact with his tool bag. The fire began to spread until the whole platform on which he was standing was in a blaze. He finally succeeded in putting out the fire, but not until it had caused some damage to the cable and the platform.

To get rid of the bad breath, the sickening discharges from the nose and throat, the loss of smell and taste, etc., such ingredients as Thymol, Wild Indigo, Oil of Eucalyptus, etc., must be used. Dr. Shoop's Catarrh Cure depends upon such healing agents as these in combination with other antiseptic specifics. These are then incorporated into a soft soothing and healing imported jelly secured in Europe. When applied to diseased mucous membranes it acts like magic, clearing up these revolting diseases promptly and with a marked sensation of comfort. Sold by C. E. Anderson.

Henry C. Herbig

Services over the remains of the late Henry Herbig were held this afternoon from the family residence on South Fourth street and were attended by an immense concourse of friends of the deceased. The Coshocton Business Men's association, the directors of the Commercial National bank, the executive committee of the Ohio Bankers association, attended in bodies. The Pope-Gosser pottery, of which Mr. Herbig was a director, closed at noon as did the Commercial National bank. The Coshocton National bank and the Peoples bank closed at two o'clock. The Hanley Milling Co. closed at 2 p. m.

The services were impressive being conducted by the Rev. Mr. Hamilton and Dr. William Hunt. The musical choir of the Presbyterian church furnished the music and the soloists were Charles Lamberson, R. B. Caldwell, Walter H. R. McCurdy and Agnew.

Funeral emblems were magnificently and decently of the ex-

MOTHER NATURE

HAS A HEALING BALM FOR EVERY WOUND.

Try this for Your Cough.

Mix half ounce of the Pure Virgin Oil of Pine with two ounces of glycerine and half a pint of good whisky, shake well and use in teaspoonful doses. Dr. Leach, the famous throat and lung specialist, who established a camp for consumptives in the pine woods of Maine, and whose remarkable cures there have attracted great attention from the medical world, declares that the above formula will heal the lungs and cure any cough that is curable. It will break up a cold in twenty-four hours. The ingredients can be secured from any form any good prescription druggist at small cost.

Inquiry at the prescription department of a leading pharmacy elicited the information that the Pure Virgin Oil of Pine is put up only in half-ounce vials for dispensing; each vial is securely sealed in a round wooden case with engraved wrapper, showing the name—"Virgin Oil of Pine (Pure)"—plainly printed thereon. Only the cheaper oils are sold in bulk, but these create nausea and never effect the desired results.

Virgin Oil of Pine (Pure) is also said to be a perfect neutralizing agent for uric acid.

GIRL BADLY HURT AT RINK

Miss Ella Medley, a well known young lady whose home is in Roscoe was seriously injured by falling on her face while skating at the rink Monday night.

The skaters were about ready to quit for the evening and Miss Medley and a young gentleman friend were skating the last several rounds when in some manner the young lady fell. Her head and face struck the floor with sufficient force to render her unconscious. She was picked up from the floor and later taken to Dr. McClain's office.

The fall on her face, knocked one tooth out and loosened several others, one of which had to be pulled Tuesday morning.

A telephone message from Miss Medley's home this afternoon states that the young lady is still in a serious condition from the results of the accident.

STATE CONFIDENT NO NEW TRIAL WILL BE GRANTED

"There is nothing to the motion for a new trial for Dickerson" remarked Assistant Prosecutor Wheeler today to an Age man. "The biggest feature is the charge against Juror Sunthelmer and when he was on the stand he openly stated he had an opinion but that he was open to evidence and testimony. There need be no alarm that a new trial will be granted by a reviewing court."

PULLED A GUN IN RESISTING AN OFFICER

Joe Gill and son Logan Gill started a mix-up in the King saloon on Second street, Monday night. Logan has been in the habit of loafing about the saloon and King complained to the police and asked to have him ejected from the place. When Officer Hankins went into the saloon to bring out the intruder, a friend of the latter tried to throw a cuspidor at the officer but was prevented from doing so by a bystander. Then Joe Gill, Logan's father took a hand in the trouble and pulled a gun on the officer. The latter let loose of Logan and got the old man before he could use the gun, disarmed him and locked him up in the city prison.

Mayor Smith fined him five dollars Tuesday morning.

Three Sudden Deaths Today

Robert Henderson, an old and highly respected citizen of Roscoe passed away at one o'clock Tuesday afternoon after an illness extending over three weeks. Death was caused by the ravages of old age brought on by an attack of paralysis three weeks ago.

Funeral services will be held at the late residence Thursday afternoon at 1:30 o'clock after which interment will be made in the Roscoe cemetery.

He is survived by a wife and a number of sons and daughters among whom are George and Will Henderson of Roscoe; Mrs. Charles Darr, of Bloomfield and Misses Jennie and Ella Henderson of Roscoe.

Mr. Henderson was a retired farmer having moved into Roscoe from the Bloomfield vicinity three years ago.

Mrs. DeCoursey.

Susie DeCoursey, the wife of William DeCoursey died Monday evening after a lingering illness of consumption. She is survived by her father, John Wilhelm and her husband. The funeral services will be conducted Wednesday and interment will be made at White Eyes.

Mrs. Harry Birch.

Mrs. Harry Birch, formerly Miss Lira Burchfield of Roscoe, died Tuesday morning at her home in Pittsburg of typhoid fever aged 24 years. Her mother Mrs. Margaret Burchfield was at her bedside when death came. Mrs. Birch was a graduate of the Roscoe high school and her sweet disposition made her many friends who will mourn to learn of her death. She leaves beside her husband and mother, two sisters, Miss Lottie Burchfield and Mrs. Tator of South Third street, and one brother David of Nevada. J. E. Glass went to Pittsburg today and will bring the body home tonight when funeral arrangements will be announced.

WARSAW MEN WERE PLEASED

Messrs. Adam, Strome, James Beck and John Wagner returned from Springfield Monday night and are expressing themselves as thoroughly pleased with the Whitley factories in that city and say their expectations have been surpassed. They are enthusiastic over Warsaw's future. They were accompanied home by Thomas Barnside and all went to Warsaw Tuesday morning. The company has shipped a carload of samples of what they make and it is planned to give an exposition some day at Warsaw, together with a cooking and sewing school.

How to Start Off the Day

Students of Hygiene All Agree That the Right Kind of a Breakfast Is Essential.

Thinking people are giving more and more earnest thought as to how to start off each new day so as to put themselves in the best possible physical and mental condition for the work of the day. It is an interesting subject, so interesting indeed that it has attracted the attention of a host of the world's leading scholars and authors on hygiene and many different opinions have been written for the guidance of the people. On one point, at least, all are agreed. This is that the right kind of a breakfast is essential. A perfect breakfast is impossible without Malta-Vita, that delicious, crisp, vitalizing, whole-wheat food. In making Malta-Vita the whole of the wheat, after being cleaned, is thoroughly steamed and cooked in absolute purity and then mixed with malt extract, a powerful digestive agent, which converts the starch of the wheat into maltose, or malt sugar. Maltose is great food and the weakest stomach digests and assimilates it without effort. After being rolled into thin, wafer-like flakes the malted wheat is baked under such intense heat that it comes from the ovens crisp and brown—positively the most delicious, most healthful food in the world. Always ready to eat. All grocers, now 10 cents.

Surprise Party.

Miss Ona Bush of Zanesville and Mr. Edgar Gaumer of Wheeling were guests of honor at a surprise party given Monday evening by Miss Glendora Phillips at her home on South Third street. The invited guests were Miss Bell Huff, Miss Bell Matthews, Miss Theresa Bieber, Miss Edith McDonald, Donald Renner, Albert Haines, Eugene Judd, Francis Weaver, Walter Bieber, Sylvester Bordenkircher.

Chautauque Circle.

The Chautauque Circle met Monday evening with Mrs. L. K. Beach of North Fourth street. Current events were given in response to a call and the papers of the evening on "Recent Reforms and Reformers," "Paul Lawrence Dunbar" and "Vesuvius and Pompeii" were given by Mrs. Beach, Miss Dorothy Davis and Miss Edith McNaughton. The meeting was an extra one and those on the program were handicapped by the fact that they were allowed a very few days in which to gather together their material but in spite of that the papers were very interesting. The next meeting will be held at the library in two weeks.

L. O. T. M. Dance.

A crowd of fun loving people who filled both the dancing and card rooms of Forbes hall to about their fullest capacity enjoyed thoroughly the dance given Monday evening by the Ladies of the Maccabees. Cards furnished ample amusement for those who preferred enjoying themselves in some less strenuous way but the dancing floor was well filled with the devotees of the art. Johnson's orchestra furnished the music and it is superfluous to remark that it was good. Among those present were delegations of young people from Dennison, Zanesville and Newark.

About sixty-five dollars was cleared for the benefit of the local lodge and all the praise for the successful management must be given to Miss Elizabeth Crawford who was chairman of the committee on arrangements and her efficient co-workers, Mrs. Higgins, Mrs. Butt, Mrs. Geo. Bordenkircher, Miss Pauline Balch.

W. H. L. Club.

Mrs. Dockenwaddle will entertain the W. H. L. club Thursday evening at her home on South Fourth street.

Important Meeting.

The Roscoe Alumni association will meet Wednesday evening with Miss Maud Gleason. The meeting is a very important one and all the members are urged to be present.

Attended Dance.

Mr. and Mrs. George Nicholas, Miss Peoples, Miss Louise Butler, Miss Alta Milton, John Stockdale, William Butler and Ed. Moran came up from Newark Monday evening to attend the L. O. T. M. dance and were delightedly entertained by the Misses Corinne and Pauline Balch.

The Finch Club.

Miss Belle King of North Third street was hostess at the meeting of the Finch club Monday evening. The cluster of carnations which was the royal prize was won by Miss Lina Clark and at the close of the game refreshments were served. The next meeting will be with Miss Eva McNary.

Mrs. Prosper Royer and Mrs. E. C. Rinner were guests at last evening's meeting.

Given a Hymnal.

Miss Mina Greagor was very pleasantly surprised by her Sunday school class in the M. E. Sunday school on Easter morning when she was presented with a handsome Methodist hymnal.

Social.

The D. S. club of Limestone Ridge met with the Misses Lizzie and Winifer Stiner Saturday afternoon. The afternoon was passed with music and games. Light refreshments were served. The next meeting will be held at the home of Miss Dorcia Jennings.

Young Peoples Social Circle.

The Young Peoples Social Circle of the Eleventh Street Church of Christ met Monday evening with the Misses Swihart of South Fourth street. The usual program was carried out and light refreshments were served.

The M. P. Parsonage.

The Parsonage Building committee of the M. P. church met at the home of Dr. Wells Monday evening and discussed further the plans for the new parsonage. It is hoped that some definite decision can be reached in a few weeks. The next meeting will be held Wednesday evening of next week at the church.

GOT HIS HAIR BACK.

Was Partially Bald When He Started to Use Newbro's Herpicide.

Frederick Munnell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 4, '19, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroys the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. C. E. Anderson, Special Agent.

MINERS

Continued from Page One.

Union officials did not authorize the men to go to work until the district scale had been signed. This resulted in the Hocking miners losing two weeks' work. We have orders for our entire output of Hocking valley coal, which will enable us to give steady work to our employees. This is the beginning of the end of the 'stand-paters' in Ohio.

In the Southwest.

Kansas City, Mo., April 17. — The Southwestern Coal Operators' association, through its officials here, has, it is stated, begun informal negotiations with John Mitchell, president of the United Mine Workers of America, that may result in some sort of arbitration agreement covering this district, which includes Missouri, Arkansas, Texas and the territories. It has been suggested to Mr. Mitchell that he join W. C. Perry, president of the southwestern operators, in appealing to President Roosevelt to arbitrate the differences between miners and mine workers. This association recently indorsed such an appeal and instructed President Perry to personally lay it before President Roosevelt.

May Attempt to Resume.

Wilkesbarre, Pa., April 17.—Special officers in the employ of the Delaware and Hudson Coal company were busy posting trespass notices upon their collieries, breakers, fences and other places in and about their mines. It is stated that the company intends to operate at least one of their mines just as soon as the official notice is sent out to do so.

Woman Admitted to Practice.

Washington, April 17.—The unusual spectacle of a father moving the admission of his daughter to practice in the supreme court of the United States was witnessed in that court. The motion was made by Attorney William Herring in behalf of his daughter, Sarah Herring Sorin of Tucson, Ariz. Mrs. Sorin makes the twenty-fifth woman admitted to practice in the court. Mrs. Belva Lockwood, the first ever admitted to practice in the court, was present when the motion was made in Mrs. Sorin's behalf.

Police Strike.

Connellsville, Pa., April 17.—All the police of this place went on strike, and the town is without police protection. When the tramps working on public improvements heard that the force had resigned they made their escape, and although the officers saw them leave they did not attempt to prevent them from going. The strike was caused by the refusal of the town council to grant an increase of \$10 per month in salaries.

Coshocton Club Women To Enjoy Lecture By Dr. Scherzer on April 26

After many conferences both in and out, April 26 has been at last agreed upon as the date of the lecture which is to be given here by Dr. Scherzer, the president of Oxford college, before the members of the Coshocton club and their friends. The subject is announced to be "An Easter in Athens" and the place where the lecture will be given will be definitely decided upon in a few days. The Coshocton club work along diverse lines in no cases are the programs identical, but this lecture by Dr. Scherzer is one in which they are all interested and the enjoyment of which they wish to share with all their friends. No admission will be charged.

Women And Home Life in Germany A Study of The Historical Club

The terrors of spring house cleaning interfered to some extent with the attendance at the meeting of the Historical club held Monday afternoon but the ladies who were out enjoyed thoroughly the program which was given. Mrs. Olney's paper came first her subject being "Woman and Home Life in Germany." She went far back to the time when Rome was mistress of the world and stated the friction which exists between the people of the Eternal City and the barbaric tribes. The German woman of that day was of a vengeful type and it was not until the middle ages that she began to merge into the domestic house mother of today. One historian whom Mrs. Olney quoted as authority calls Maria Theresa one of the strongest women of the middle ages; he compares her with the English Elizabeth but calls the German woman the stronger of the two for her strength was personal while that of Elizabeth was largely in the ministers with which she surrounded herself. Up to the time of the Franco-Prussia war the German woman lived in and for her home but since that time she has been branching out; she has been allowed to enter many trades and professions which hitherto had been the exclusive property of men, that of typesetting, for instance, and proof reading, medicine, dentistry law and theology, the last two under certain restrictions imposed by the government.

TANGLE FOUND IN NEW LAW OF HOLD-OVERS

County Commissioners Hardly Know Where "They're At"—Miller's Successor.

Columbus, O., April 14.—The death of Wells W. Miller, secretary of the state board of agriculture, removes one of the best known of Ohio's officials. Because of his long connection with the department, it is likely that he was known personally to more farmers than any other single man in Ohio. He had made the state fair a great success and the work of the department was so well in hand that the agricultural interests were given

the finest possible service. It will be hard to get a man to step into his place and immediately take up the burdens of the office. A. P. Sandles, a member of the board and clerk of the senate is mentioned as a possible successor.

Democratic office seekers are in hard luck and the longer Governor Pattison is ill the longer they must wait. Already terms of office of some Republican appointees have expired, and if the governor was able to make appointments Democrats would be named to take their places. But the prolonged indisposition of the chief executive makes it impossible to appoint patriots to position either of honor or profit. The penitentiary is a notable case. If the governor could appoint a member to the board of managers, the whole political face of the institution could be summarily changed. It has been announced from the governor's office that no officeholder, Republican or Democrat, will be disturbed until the governor can give the matter his personal attention.

Encouraging news comes from the bedside of Governor Pattison in Cincinnati. The bulletin issued two or three times a day convey pleasing intelligence. They indicate that the state's highest officer is getting better, but they do not say with what ailment the patient is afflicted. Of course, the doctors know why they are keeping the public in the dark as to the nature of the complaint, but the people don't appreciate their attitude. Inasmuch as the physicians do not want to discuss the matter, the enterprising newspapers of the state are putting forth every endeavor to ascertain the cause of the governor's long sickness.

It will be news to the real property owners of Ohio to know that they are responsible for the tax upon such dogs as are harbored upon their various holdings of real estate. Such is now the law. If the owner of a parcel of land shall hereafter lease or rent it to a tenant who has a love for dogs, but a contempt for taxes, the said owner will find that there is a lien upon the land for each and every dog who makes it his habitat. The law doesn't know and doesn't care who owns the dogs. It only knows that there are dogs upon real property and that taxes must be paid on them. The bill was introduced by Representative Wilson of Belmont county, one of the agricultural members, and had the backing of the farming interests.

Joseph F. Tracey of the bureau of inspection and supervision of public offices, has discovered a defect in the Williams-West bill, providing for the terms and extension of terms of county officials which will apply to county commissioners only. The matter has been submitted to Attorney General Ellis for an opinion.

The bill was originally introduced by Senator James M. Williams of Cleveland, and a substitute was adopted which had been offered by Senator Samuel West of Bellefontaine. He intended in his substitute to entirely eliminate the Williams proposition, but it is said that this was not done, and hence the trouble. In the beginning of the bill it provides that the county commissioners whose terms will expire September, 1933, shall be extended for one year. In another portion a provision is that the term of office of a county commissioner shall be two years, and those elected shall take office on the first Monday in December next after the election. In this Mr. Tracey states that it will cause two sets of county commissioners to hold office, and it is probable

that the courts will have to be resorted to to unravel the error, although he believes that there is hardly a possible way out of it other than to hold that this particular provision of the law is not valid.

Secretary of State Laylin rendered an opinion to J. H. McGiffert, secretary of the board of elections of Ash-tabula, that in accordance with the terms of the Williams-West law, county commissioners will be elected this year and shall serve for two years. They will succeed those whose terms expire in 1937. The secretary did not attempt to unravel the conflict in the same bill relative to the same officials, where in one part the terms are extended for one year and in another it provides that county commissioners elected in the even numbered years shall assume their duties on Dec. 1 after their election.

These measures passed by the general assembly were filed with the department of state at the expiration of the 10 days in which they were to be signed by Governor Pattison, and are therefore laws of the state.

Regulating the method of filing chattel mortgages with the county recorder.

Providing for the manner in which members of boards of education shall be elected.

Fixing the compensation of clerks of the common pleas court.

Fixing the terms of judges of the common pleas court to conform with the constitution.

To provide for the release and discharge of county, city, township and school treasurers in certain cases.

Authorizing city councils to levy a tax of one mill to be paid to private associations for maintaining free hospitals.

To prevent hazing in educational institutions.

Granting powers to county commissioners to levy a tax to complete memorial buildings.

Providing for the maximum levy for school purposes.

Fixing the amount of tax levy for the Cincinnati university and the maintenance of its astronomical observatory.

Providing for a division and transfer of township funds when a village is created out of a portion of a township.

Extending the term of police judge of Youngstown.

First general appropriation bill covering the last three quarters of 1933 and the first quarter of 1934.

The liquor people or anybody else who may undertake to invalidate any of the laws passed by the recent legislature on the ground that the bills were not actually presented to Governor Pattison and could not have been considered by him, owing to his critical illness, will find a hard proposition on their hands.

While the liquor organizations, as such, say they will make no attack on the Alkin or Jones laws they admit that individual liquor dealers will probably attempt to knock out these laws.

There also has been talk from other interests affected by new laws of assailing them along similar grounds.

When Secretary Lewis B. Houck was asked about the matter he said: "Every bill passed by the recent session of the legislature has been presented to Governor Pattison and the records so show. If anybody wants to attack any of these laws on this score, let him sail in and he will find out what he is up against."

"But were they actually presented to the governor or only constructively so?" Houck was asked.

"I have said that every bill has been presented to the governor and the records so show and that fully answers all questions."

If a legal flaw of sufficient importance can be found in either the Alkin law, increasing the Dow tax to \$1,000, or the Jones law for residence local option by petition, they will both be vigorously attacked through the court.

This, in brief, was the decision reached by the executive board and members of the Ohio Brewers' association in Cleveland.

Judging from the remarks of several of the members, however, the brewery interests have little hope of success in any attempt that may be made to declare either of the laws invalid or unconstitutional, and the indications are that no such attempt will be made.

The entire question was referred to the legislative committee of the association, composed of Carl J. Hoster of Columbus, Louis J. Hauck of Cincinnati and Joe A. Miller of Cincinnati. They will, within the next few days, confer with eminent legal counsel as to the advisability of attacking the validity or constitutionality of the two laws. If their attorneys decide that there is little or no prospect of success they will abandon the plan and submit to the provisions.

The brewers have come to the conclusion that it will be policy to help in the enactment of regulating laws rather than fight every move of that kind. At their last conference it was decided to inaugurate as soon as possible an educational propaganda throughout the state with a view to creating sentiment for the enactment of a regulatory law similar to the license system now in operation in Pennsylvania and other states.

The Pennsylvania law is said to be satisfactory to the people for it gives them the right to say who shall go into the liquor business, and leaves a club in the hands of the public which may be used to keep the saloons within bounds.

SPRING CATARRH

C. E. Andersen Sells Hyomei Under Guarantee of Cure.

The changeable weather of Spring is directly responsible for the prevalence of catarrhal troubles in Coshocton at the present time.

As a result, C. E. Andersen has had a larger sale for Hyomei the past week than ever before in the years that he has handled this reliable treatment for the cure of catarrh. If there is a single catarrhal germ in the system, Hyomei will search it out and absolutely destroy it, completely eradicating the trouble. The remedy has made so many cures among his customers that he offers to pay for it himself if it does not benefit even the worst case of catarrh.

The complete outfit costs only \$1: consisting of an inhaler, medicine dropper, and bottle of Hyomei, while extra bottles of Hyomei can be obtained for 50 cents. There will not be even this small expense if Hyomei does not cure, as the full refund is made.

PROPOSES TERMS.

General Overseer Voliva to John Alexander Dowie.

Chicago, April 17. — General Overseer Wilbur Glenn Voliva and his followers have thrown down the gauntlet to John Alexander Dowie. Through their attorney, Jacob Newman, the following terms have been proposed: "You are to agree in a committee of four or eight by which this entire matter is to be settled. Two members of this committee shall be appointed by the advocates of the cause of Dowie, two shall represent Voliva. In case that the committee shall constitute eight members, each side will have the appointment of four. Should there be a disagreement on either case, a fifth or a ninth committeeman shall be appointed by General Overseer Voliva. It is further provided that all property belonging to the Christian Catholic church shall be transferred to this board of arbitration, and that their judgment as to whether Voliva or Dowie shall control the same shall be final."

Otsego Too Far From
And Can't Join League

County League Managers Want One More Team
Near Here or Will Cut Down
To Six Teams.

A meeting of managers of the dif-
ferent teams in the county baseball
league was held in the Schlab furni-
ture store, Monday evening to dis-
cuss the important subject of making
up the circuit of clubs which has
turned out to be a difficult proposi-
tion.

At the meeting last Friday night
there were eight teams who wanted
berths but one of these was Otsego.

Question of Distance
between the oil town and the rest of
the teams in the immediate vicinity
of this city was admitted to be con-
siderable of a snag but the managers
promised to discuss the matter with
their players to find out if there was
any objection to making the long trip.

At the meeting Monday night it de-
veloped that it would be

Simply impossible
to let Otsego in as most of the play-
ers had to work until noon on Sat-
urday and could not get away in time
to get to Otsego in time to play a
game. Then the question of getting
another team nearer to take a place
on the circuit was discussed and it
seems that it will be impossible to
get a team in any of the towns
counted upon unless it

Might Be Keene.
The matter was deferred until the
meeting Thursday night and if Keene
can not come in it is probable that
one of the teams in the city will have
to be dropped and the league made
up of a six-club circuit.

A strong effort will be made to
get the schedule in shape this week
and start the season Saturday, April
28.

Diamond Dust

President Richard Guy of the P. O.
M. league has applied to Secretary
Farrell for national protection for
that organization. "Bo" Ross, of
this city will play with the Butler,
Pa team of this league.

Local Baseball fans, who are di-
vided on Pittsburg and Cincinnati as
favorites in the National league have
begun pulling for their respective
teams.

The Lancaster Gazette says that
Doc Abbott is looking good this
spring and batting better than ever
in practice.

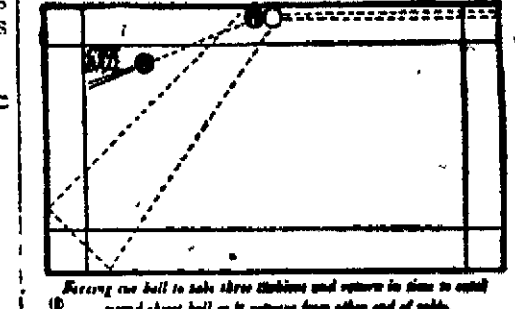

Big Bill Miller is going to be moved
from the outer garden which he
takes care of so well to first base
on the Zanesville team. Drumm is
trying Bill on the first bag during
practice and he is making good.

Over at Newark. Manager Bates
has twenty-five min out practicing
from which he expects to pick his
team of regulars.

How Hoppe
Won From
Slosson

Nervy Young Phenomenon
of Billiard World As-
tonished Experts by His
Coolness and Daring
Against Veteran of a
Hundred Matches.

By WILLIE WEST.
"Youth will be served," said the once
mighty John L. Sullivan after losing
to Jim Corbett in New Orleans. "The
glory of a young man is his strength,"
says William Jennings Bryan, the fa-
mous politician. The achievements of
young men have made bright pages in
many different kinds of histories, and
when the annals of present day billiard

WILLIE HOPPE AND ONE OF HIS DARING SHOTS.

playing are written the name of Willie
Hoppe, the most sensational cue ex-
pert of all time, will adorn them in
brilliant letters.

Hoppe's recent victory in New York
at eighteen inch balk line over George
Slosson, the noted veteran of thirty-
five years' experience, was a remark-
able exploit. Hoppe is but nineteen
years old, while Slosson is well on to-
ward his fifty-fifth milestone.

Before the match many experts
thought that Slosson's long experience,
well known generalship and aggravat-
ing "safe" playing would win him the
victor's purse. But they did not make
enough allowance for the wonderful
nerve and coolness of the youngster.
Hoppe could not be "rattled" in the
slightest degree by the veteran's wor-
rying tactics. He played almost every
shot for what it was worth and gave
Slosson one of the severest trouncings
in his career. Think of the score—300

to 391! Hoppe led from the thirteenth
inning to the finish. His highest run
was 56, while Slosson's was 61. The
averages of both players were very
low, Hoppe's 10 and Slosson's 9 1/2.
In the thirteenth inning Hoppe ac-
cured the lead, and from that time on
he was never in danger of losing.

MASONS WENT TO BANQUET

Put On Work For Uhrichs-ville Lodge—75 Made Trip.

About seventy-five members of the local lodge of Masons went to Uhrichs-ville Monday night where they were the guests of the lodge of that place at a big initiation and social time. The degree work was put on in finished style by the Coshocton lodge team.

Following the exercises, a sumptuous banquet was served and a good time for everyone followed. The Coshocton contingent arrived home on No. 21 at an early hour Tuesday morning.

Dr. Shoop has created at his Laboratories a superior, sweet, toothsome candy tablet named Lax-ets. The ingredients are printed on the very attractive little lithographed metal boxes. In which these tablets are sold. Lax-ets sell at the very low price of 5 cents per box. A better, safer, or more certain laxative than Lax-ets is. Dr. Shoop believes, absolutely impossible. Lax-ets are for Constipation, Sour Stomach, Bad Breath, Sallow Complexion, Biliousness, Headache, Dizziness, etc., etc., Sold by C. E. Anderson.

Rink Closed For Summer

The Main Street rink was closed for the summer, Monday night and a big crowd turned out to get one last ride on the rollers before the doors were closed and the big organ put out of commission.

One of the features of the evening, was the grand march at 8:30 o'clock. The rink will probably remain closed until October 1.

HUMAN BLOOD MARKS.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky., He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis and is the only known cure for Weak Lungs. Every bottle guaranteed by C. E. Anderson, the Coshocton druggist, and C. M. Ferguson, the Roscoe druggist.

NEWCOMERSTOWN MAN URGES TRADE EXCURSIONS HERE

"If Coshocton merchants would make trade excursions like some other towns do they certainly could get a lot of business from our town" remarked a Newcomerstown man to The Age today. He was here on a shopping expedition himself and said that many others would come to Coshocton—that they like Coshocton stores and the wide awake manner Coshocton merchants do business, but that they need some inducement such as fare rebates, etc., as Zanesville and other cities offer.
